SOLUTIONS

We build a safer and more peaceful society thanks to new technologies and a valuable community.

**FOR FURTHER
INFORMATIONS**

COYZY is a digital platform and app which helps people, in particular women and parents, to train themselves and their children to prevent, face and overcome serious events without the use of large resources of money or time and is present in times of need.

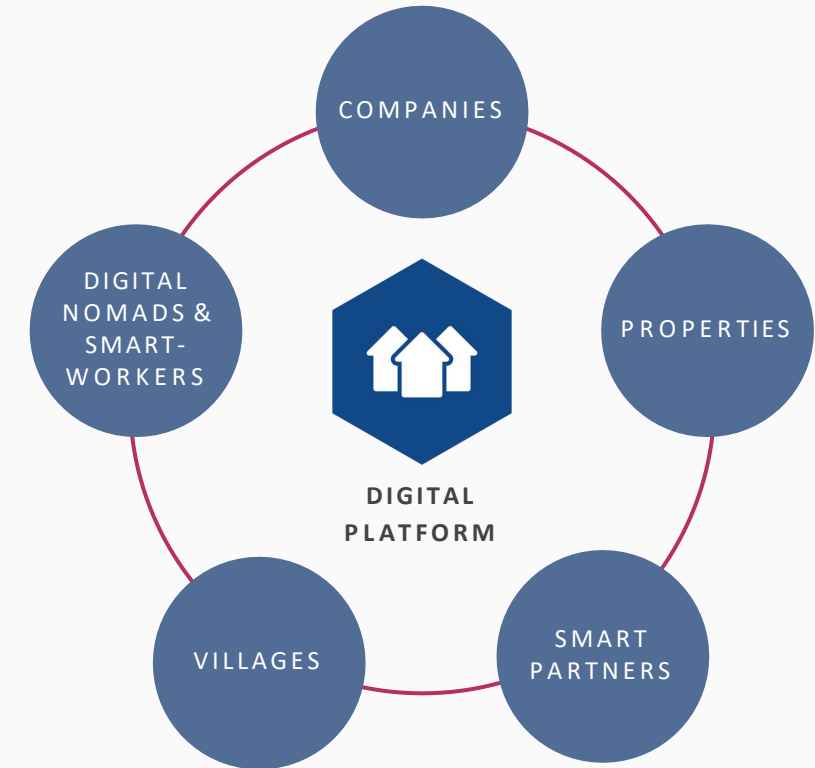

SOLUTIONS

HQVILLAGE

We enhance Italian villages and unique territories by promoting them as widespread corporate headquarters.

**FOR FURTHER
INFORMATIONS**

HQVillage is a digital platform that helps public administration and home owner to be attractive to digital nomads and smart workers. HQV is a tool to understand the state of the art and which initiatives can help the place to be the best place for smartwork. For guests it is an easy and effective tool to choose the best place for their needs.

Companies purchase the service with a view to welfare and rewards to retain and attract talents in an increasingly flexible world of work.

PARTNERS & INTERESTS

We are looking for **strategic and commercial partners** to develop new solutions for them that are not only innovative, but that create a high added value for the customer and for society.

In particular, we are currently looking for **insurance and banking partners** for the usefulness and complementarity of the offers.
We also continuously **select organizations** that can offer services to the WELL-FARE community or any other company that wants to offer digital solutions with a high social impact.
